

*Lindsay Dearden*

*I want to play an active role in nurturing a rich and safe school environment for ALL regardless of ability/background. As a member of Friends of Coldfall for five years (two as Treasurer) I've demonstrated my desire to make a difference. As a health-economist I'm responsible for developing/executing strategies via collaboration/teamwork, constructively challenging decisions and being financially accountable. Being a parent governor would allow me to help Coldfall be the best that it can be.*

*Douglas Blackwood*

*My son has just moved to Reception from Canary class and our daughter will join next year. I am a doctor in Anaesthesia and Intensive Care and am currently completing my PhD. I would love the chance to contribute to Coldfall and be a part of the school going forward.*
